BILL SB 299

S.B. No. 299 (RAISED) AN ACT CONCERNING THE DISTRIBUTION OF SINGLE-USE PLASTIC STRAWS.

To Chairmen of the Environment Committee, Senator Cohen, Representative Demicco, and Members of the Environment Committee:

Environment and Human Health, Inc. strongly supports BILL SB 299

Reducing plastic uses is of great importance to our state and beyond. We are in a “plastic epidemic” so anything we can do to reduce the plastic waste should be done. Removing plastic straws from use, unless otherwise requested, seems like a very simple way to reduce some of the plastic that enters our waste stream.

Thank you for your attention,

Nancy Alderman, President
